

## Magical Forest Game

Magical Forest: Have you ever taken care of a Unicorn? How about a fiery Phoenix? Look after all of these wondrous creatures and more in Magical Forest, a game that combines elements of monster ranching, sim-style resource management, and real-time strategy. The Magical Forest is home to many fantasy-like creatures, but it's in danger of being destroyed. To save the forest you must raise 1,000,000 gold pieces. Can you identify every species and save them from distinction? Download it and start playing Magical Forest.
