

## Tropicabana Game

Tropicabana: Make matches before an audience who will react to your every move! They roar with excitement when you do well, and sit quietly when you don't. Watch out for the stage mice as they scamper about trying to keep you from clearing the board. Earn money after each level, based on how well you keep the crowd entertained, and use the money to buy upgrades for the Tropicabana or visit the casino between levels for a little date with lady luck! The Tropicabana is now open for business! Download it and start playing Tropicabana.
